    Sports are activities that people play for fun, competition, or fitness. They can be played individually or in teams. Some popular sports include football, basketball, cricket, and tennis. Playing sports helps improve health by keeping the body strong and active. It also teaches important skills like teamwork, discipline, and leadership. Many people watch sports on TV or in stadiums to enjoy the games and cheer for their favorite teams. Sports can bring people together, creating friendships and building communities. They also help reduce stress and improve mental health. People of all ages can enjoy sports, whether for competition or just for fun. Sports are an important part of life and help make it more exciting.
